LEAGUE NATIONS DRAFTING BODY IN RECOMMENDATION

COMMITTEE APPOINTED BY CONFERENCE OF HAGUE COURT SIGNATORIES

FORMULA TO BE BROUGHT BEFORE FULL CONFERENCE OF WORLD COURT

By HENRY WOOD
United Press Staff Correspondent
Geneva, Sept. 22.—Acceptance of all the American reservations to the world court protocol was recommended by the drafting committee of 14 today with the sole provision that the United States should negotiate an understanding with the League of Nations council with respect to the manner of expressing American consent to the court rendering an advisory opinion.

The committee of 14 was appointed by the conference of Hague court signatories to find a formula for accepting the United States senate reservations.

The committee today adopted a draft of the formula outlined in the foregoing. Should the United States object to the court giving an advisory opinion on any question to which the United States was not a party this objection would have the same force and effect as if the United States were a member of the league and voted against such an advisory opinion.

All signatories of the world court protocol will be requested to use the formula devised by the committee today as a basis for their individual replies to the United States with respect to the senate reservations.

The formula still would have to be accepted by the full conference of world court signatories and then by the United States.

The drafters of the formula sought a means of safeguarding the rights of the present signatories while at the same time making the formula in such form that President Coolidge and Secretary of State Kellogg could accept it without further reference to the senate.

The formula adopted by the subcommittee today was as follows:

1. Authorizing the United States to participate on a basis of equality in all meetings of the League of Nations council or assembly for the election of world court judges.

2. Recognizing that no amendment to the court statutes would be possible without the consent of the United States.

3. Guaranteeing that the court shall render all advisory opinions in public session.

4. Providing that the manner in which the United States shall consent to the court rendering an advisory opinion shall be the subject of an understanding to be reached between the United States government and the league council.

5. Recognizing the United States right at any time to withdraw from the court.

6. Recognizing the court's right to withdraw acceptance of the American reservations, if the latter should prove to be unsatisfactory, by vote of two-thirds of the signatories.

OBJECTS TO USE OF SUBSTITUTES FOR BUTTER

Huron, S. D., Sept. 22.—(UP)—An organized protest is underway in Huron and is being spread to other parts of the state against the use of substitutes for butter in South Dakota's state institutions.

Petitions are being circulated and will be presented to state officials asking that the use of substitutes be stopped and pure butter be used.

It is asserted that in order to encourage dairying programs in South Dakota, the substitutes should be discouraged.

TELEPHONE COMPANY IS INCORPORATED

St. Paul, Sept. 22.—(UP)—Articles of incorporation were filed with Secretary of State Mike Holm today by the Intercounty Telephone company with headquarters at Blooming Prairie.

Incorporators are W. A. Stantox, Owatonna, and Ross Hollowell, A. W. Hollowell, Sam A. Rask and H. O. Rask of Blooming Prairie. Capital is \$100,000.

FIRE DESTROYS PALATIAL YACHT OF DETROITER

New York, Sept. 22.—(UP)—A fire destroyed the palatial steam yacht Delphine, owned by Mrs. Hugh Dillman, the former Mrs. Anna T. Dodge, of Detroit, in the Hudson river early today. The loss was estimated at \$1,000,000. The ship had been anchored for several days in North river and the Dillmans were ashore when the fire broke out around midnight.

THOS. JOHNSON FOUND GUILTY OF MURDER

TO BE SENTENCED TODAY TO LIFE IMPRISONMENT

JURY DELIBERATED LESS THAN 3 HOURS, TAKING 3 BALLOTS

Minneapolis, Sept. 22.—(UP)—Thomas Johnson, found guilty of one of 14 murders to which he confessed, was to be sentenced today to life imprisonment.

A jury deliberated less than three hours and took three ballots to convict Johnson, "the man of many crimes," of killing Leonard Erdall, Minneapolis attorney and former University of Minnesota football star, during a holdup.

Johnson walked into a Seattle police station last July and began his series of confessions, in which he admitted the 14 murders, including Erdall's and 1,750 robberies.

A commission found Johnson sane, but County Attorney Floyd Olson charged that by his conduct, the slayer was attempting to feign insanity.

While the state was presenting its case, including the introduction of two confessions, Johnson interrupted frequently to denounce witnesses as "black liars and perjurers," declare he would "confess to anything" and had a mania for confession and found a table to obtain attention.

After the trial Johnson commented that he would have preferred to have been taken to Iowa, which has capital punishment, in order to be executed for one of his murders.

"I'd rather be dead," Johnson said.

The trial moved with amazing speed. Selection of the jury was started Friday, court adjourned over Saturday and on Monday the four women and eight men to try him had been chosen. Less than eight hours were required by the state and defense to present testimony.

A curious angle of Johnson's surrender was that twice previously he had attempted to give himself up to police and confess but his stories had been disbelieved and he had been turned loose.

A sentence of life imprisonment was imposed by Judge E. A. Montgomery.

Johnson was immediately taken to Stillwater state penitentiary in an automobile to begin serving the sentence. He was guarded by three deputy sheriffs.

The sentence brought no sign of emotion from the slayer.

SNOWSTORM AT CALGARY, CANADA

"LAST DAY OF SUMMER" FINDS CITY BLANKETED WITH 4 INCHES OF SNOW

Winnipeg, Man., Sept. 22.—(UP)—Followed by one of the coldest spells of weather which has struck Calgary this season, September 21, the traditional "last day of summer," broke over Calgary Tuesday morning in a blinding snowstorm, which blanketed the city in four inches of white drift and held temperatures down to eight degrees of frost on the average all day long. The lowest temperature was 20 degrees above zero.

Devastating Cyclone Sweeps Paraguay City Blowing Down 90 Per Cent of Town's Houses

300 PERSONS KILLED, 400 ARE BADLY INJURED

OFFICIAL REPORTS GIVEN OUT AT ASCUNCION, PARAGUAY

MOST OF THE DEMOLISHED BUILDINGS WERE NATIVE HUTS

Asuncion, Paraguay, Sept. 22.—(UP)—The most devastating cyclone in a decade has swept Villa Encarnacion, killing 300 persons, blowing down 90 per cent of the city's houses, crippling communication facilities and seriously injuring at least 400, according to official reports.

Most of the demolished buildings were native huts, poorly constructed, which offered little resistance to the cyclone. Roofs were carried miles by the storm.

Relief work had been undertaken by the Paraguayan minister of the interior. Argentine authorities at Posada also are providing relief facilities and have established hospital bases for the injured. The Argentine president has asked officials of Misiones province to extend all possible aid to the stricken city.

STATE HAS NICE BANK ACCOUNT

STATE AUDITOR ANNOUNCES CONDITION OF STATE'S CURRENT FUNDS

St. Paul, Sept. 22.—(UP)—Minnesota has a bank balance of \$14,841,159, State Auditor Ray P. Chase reported yesterday in announcing the condition of the state's current funds as of August 31.

This amount is distributed as follows: Revolving fund, \$5,309,813. General school fund, \$2,393,942. Trunk highway fund, \$2,319,922. Prison revolving fund, \$1,189,443. University building fund, \$848,476.

Road and bridge fund, \$631,601. General university fund, \$515,936. In addition, various permanent trust funds total \$58,797,650. The soldiers' bonus fund has \$8,090,000 in certificates of indebtedness outstanding as compared to \$23,000,000 in 1919 when it was voted as a special legislative session.

The highway reimbursement funds by which counties are repaid for road improvements, amounts to \$4,997,649 and approximately \$33,000,000 in county road bonds is outstanding.

NEW VETERANS' HOSPITAL OPENS AT HOT SPRINGS

Hot Springs, S. D., Sept. 22.—(UP)—The new veterans' hospital at Hot Springs will be opened formally on Monday, October 18, with United States Senator Peter Norbeck of South Dakota making the principal address, it was announced today.

An elaborate dedicatory program is planned.

CLOSED SEASON FOR DEER IN DOUGLAS COUNTY

St. Paul, Sept. 22.—(UP)—Governor Theodore Christianson, on recommendation of J. F. Gould, state game and fish commissioner, today issued an executive order establishing a closed season on the hunting of deer in Douglas county. The county is many miles southwest of the big game district but a number of deer have been seen there this year, especially near Alexandria, and residents wish to have them protected.

EXPLOSION WRECKS GROCERY HOUSE YOUNGSTOWN, O.

Youngstown, O., Sept. 22.—(UP)—An explosion today wrecked the Youngstown Grocery company, leveled three houses adjoining it and may have killed several persons.

Windows in stores and residences for a radius of five blocks were blown out by the force of the blast. The East Federal street district was badly hit. Fire which broke out immediately following the explosion, made it impossible to enter the wrecked homes to learn the casualties.

A score or more persons are known to be injured, several seriously. Many of those living nearby were cut by glass flying from their windows.

Youngstown, O., Sept. 22.—(UP)—Twenty persons were injured, one perhaps fatally, in an explosion that wrecked the Youngstown grocery company and three adjoining residences early today.

The explosion rocked the entire city and damaged property within a radius of three blocks. Property damage is estimated at \$300,000.

HEAVY RAINS SWELL RIVERS NEAR DES MOINES

RACCOON RIVER RISES TO NEW HEIGHTS AT VALLEY JUNCTION

NEARLY EVERY STREET IN THE TOWN IS BADLY FLOODED

Des Moines, Ia., Sept. 22.—(UP)—Heavy rainfall during the night sent the Raccoon river to new heights and forced scores of persons living in the lowlands at Valley Junction, west of Des Moines to abandon their homes.

Nearly every street in the north and south end of Valley Junction was flooded. The water overflowed the curbs and filled cellars in low sections to the brim.

Several places the water threatened to enter business establishments and merchants today were preparing to remove their stocks. Street car service in the business districts of Valley Junction has been discontinued. Several places the water overflowed the railroad tracks.

FRESHMEN ARE TAUGHT FEW THINGS

TRADITIONAL CEREMONIES REVIVED ON "THE KNOLL" OF MINNESOTA U

Minneapolis, Minn., Sept. 22.—(UP)—The traditional ceremonies for the induction of freshmen into the responsibilities of college life were revived on "The Knoll" Monday evening when green caps and green flowers were presented the first-year students.

Ellis Sherman, president of the all-university council, presented a green cap to a freshman boy and Charlotte Winger, member of the student council, gave a green flower to the freshman girl.

Flood lights beat down on the scene as the freshmen crowded around and kept out of the way of more dignified sophomores, juniors and seniors.

PLEADS GUILTY TO SLAYING SWEETHEART

Waukesha, Wis., Sept. 22.—(UP)—Knutte Nicholson, 29, who shot and killed his sweetheart, Miss Grace Stoddard, 19, as she lay asleep in the front seat of his automobile early Sunday morning, pleaded guilty in municipal court here today and was bound over to circuit court for sentence.

REPUBLICAN SENATORIAL CAMPAIGN COMMITTEE IN ANNOUNCEMENT

TAKE ISSUE WITH FREQUENT CLAIMS MADE BY THE DEMOCRATS

Chicago, Sept. 22.—(UP)—The republican party will maintain its grip in the senate and all reports point to an overwhelming victory in the coming congressional off-year elections, the republican senatorial campaign committee, meeting in Chicago, has declared on the basis of reports from all portions of the country.

Five of seven members of the committee attended the sessions yesterday.

The frequent claims of some democratic leaders that the republican party will lose control of the senate are absolutely groundless, Senator Phillips of Colorado, said.

"I cannot understand how anyone can believe that this country will turn from a party which has brought the greatest era of prosperity the country has ever known."

Senators Deneen of Illinois, Fess of Ohio, Gillette of Massachusetts, McNary of Oregon and Phipps attended the session.

SEEK TO QUASH THE INDICTMENT

DEFENSE MOTION DENIED IN CASE OF GEO. W. LIPPETT

Superior, Wis., Sept. 22.—(UP)—A defense motion to quash the indictment against George W. Lippett, former prosecutor of Marathon county, who is on trial here on a charge of having accepted bribes from liquor law violators, was denied here today by Judge C. Z. Luze in federal court.

Ralph Jackman, attorney for Lippett, based the motion on the charge that the indictment of the federal grand jury was based on illegal evidence.

The court, however, reserved to Lippett the right to renew his motion after having presented his testimony.

Lippett, who is a prominent member of the socialist party of northern Wisconsin, has pleaded not guilty to the charges and declares they are a frame-up by his political enemies.

FIGHT WILL BE HELD FRIDAY IN CASE IT RAINS THURSDAY

Philadelphia, Sept. 22.—(UP)—If rain, as forecast by the weather bureau makes it impossible to stage the world's heavyweight championship battle between Jack Dempsey and Gene Tunney tomorrow night the fight will take place Friday night, Tex Rickard said today.

"If rain looks inevitable in the evening, we may postpone it without waiting for the ring to get soaked," Tex said.

ARE UNDETERRED BY AIR TRAGEDY; TO BUILD NEW PLANE

Roosevelt Field, N. Y., Sept. 22.—(UP)—The three principal figures in the projected New York to Paris flight declared today that realization of the plan would be the only fitting memorial to their two comrades, who were killed yesterday when their plane burned at the moment of starting.

A new machine built by Igor Sikorsky and piloted by Captain Rene Fonck, French ace, and Lieutenant Lawrence W. Curtin, U. S. N., will make a reality of the proposed flight, it was announced.

REDUCTIONS IN NIGHT TOLL RATES

NORTHWESTERN AND TRI-STATE CHANGES IN EFFECT OCTOBER 1

St. Paul, Sept. 22.—(UP)—Reductions in the night toll rates of the Tri-State Telephone Company and Northwestern Bell Telephone Company will go into effect October 1.

The state railroad and warehouse commission yesterday issued the necessary orders granting the applications of the two companies. Since there was no opposition to the reductions, no hearings were necessary.

The new rates are intended to prevent the charges on toll calls beyond the minimum three minutes from piling up too rapidly and will save Minnesotans about \$50,000 annually.

COL. ROOSEVELT TO ENTER CAMPAIGN IN MINNESOTA

St. Paul, Sept. 22.—(UP)—Colonel Theodore Roosevelt, Jr., will come into Minnesota early in October and speak in the ninth congressional district on behalf of Representative C. E. Selvig, republican, candidate for reelection, it was announced today.

Roosevelt will be at Moorhead on October 4 and at Detroit Lakes October 5. Both times he will address evening meetings.

Roosevelt is interested in Selvig's agricultural work.

DEATH LIST IN MIAMI HAS NOW BEEN BROUGHT TO 95

KNOWN DEAD IN STORM AREA TODAY TOTALLED 317

By ALFRED RECK
(United Press Staff Correspondent)

Miami, Fla., Sept. 22.—(UP)—With relief pouring in from other cities, southeastern Florida today was rapidly recovering from the effects of Saturday's hurricane.

The toll of lives taken in Greater Miami, which yesterday was reported at 132, late today was officially announced at 95 by W. H. Combs, chief of the mortuary committee.

The known dead in the storm area today totalled 317. It was believed that by tonight practically all of the dead would be identified and the casualties definitely known. It was believed that the total would not go much higher.

Martial law has been lifted throughout the storm area. The weather was clear.

Burial of the dead cast its inevitable gloom over the city.

Caskets were sent from outside cities and all day graves were dug and filled again in the cemeteries.

In the cities and through the outlying districts squads of railroad workmen repaired the tracks while linemen for telegraph, telephone and power companies restored communication and power transmission.

The list of known dead: Miami, 95, of which number 16 are negroes.

Miami Beach, 52.
Hollywood, 30.
Moorhaven, 40.
Hialeah and vicinity, 50.
At various scattered points, 50.
Total, 317.

The property loss in Greater Miami is officially reported at \$100,000,000 by insurance adjusters. Of this amount, approximately 10 per cent is insured. The probable recovery, the adjusters said, would not total more than \$5,000,000.

Tetanus anti-toxin was brought here last night from Richmond, Va., by Lieutenant Bissell of the United States air service.

Thirteen bodies have been recovered in Miami Beach, a check-up disclosed today. Seven have not been identified.

American Legion workers found Mr. and Mrs. Jerome Cherbino, first reported as dead, safe at the home of a friend on Golden Beach.

Bimini, small island in the British Bahamas, was badly damaged by the same hurricane that wrecked Miami, according to members of the crew of the tug Miami, who returned here. Details of havoc done there were placed in the hands of L. Oates, British vice consul.

The Bimini hotel was wrecked as was practically every building on the island, according to Captain W. Brown of the United States coast guard, whose craft put into Miami yesterday and returned to the island after having been loaded with supplies.

The Munson liner Munamer also left supplies at Nassau for transportation to Bimini. The number of dead has not been ascertained.

Scores of liquor craft were lost together with their crews, Captain Brown said. Most of the dead were negroes.

Conscription of negro labor was ordered today by county and city officials.

Deputy sheriffs, police officers and troops have been dispatched through the negro section of Miami with orders to take all males of workable ages and bring them to the court house to be used in clearing up debris in all parts of the county.

This action followed a conference between Sheriff Henry R. Chase and Assistant Police Chief Forest E. Nelson.

SEEK TO QUASH
THE INDICTMENTDEFENSE MOTION DENIED IN
CASE OF GEO. W.
LIPPETT

Superior, Wis., Sept. 22.—(UP)—A defense motion to quash the indictment against George W. Lippert, former prosecutor of Marathon county, who is on trial here on a charge of having accepted bribes from liquor law violators, was denied here today by Judge C. Z. Luze in federal court.

Ralph Jackman, attorney for Lippert, based the motion on the charge that the indictment of the federal grand jury was based on illegal evidence.

The court, however, reserved to Lippert the right to renew his motion after having presented his testimony.

Lippert, who is a prominent member of the socialist party of northern Wisconsin, has pleaded not guilty to the charges and declares they are a frame-up by his political enemies.

FIGHT WILL BE HELD
FRIDAY IN CASE IT
RAINS THURSDAY

Philadelphia, Sept. 22.—(UP)—If rain, as forecast by the weather bureau makes it impossible to stage the world's heavyweight championship battle between Jack Dempsey and Gene Tunney tomorrow night the fight will take place Friday night, Tex Rickard said today.

"If rain looks inevitable in the evening, we may postpone it without waiting for the ring to get soaked," Tex said.

RISTO KILLED BY THE
WRECKAGE

Virginia, Minn., Sept. 22.—(UP)—Two were killed and two were injured here Tuesday when a high wind toppled a section of overhead tramway in the Virginia and Rainy Lake Lumber Company's storage yards.

Christ Kraakmo, who came to the United States from Norway a few months ago, and John Risto, both of Virginia, were killed and Everett Brophy and John Kingsberg, also of Virginia, were injured. The latter two were seriously hurt, but will recover, physicians said.

Kraakmo was working at the lumber yard, endeavoring to earn transportation to bring his wife and four children to the United States from Norway.

REDUCTIONS IN
NIGHT TOLL RATESNORTHWESTERN AND TRI-STATE
CHANGES IN EFFECT
OCTOBER 1

St. Paul, Sept. 22.—(UP)—Reductions in the night toll rates of the Tri-State Telephone Company and Northwestern Bell Telephone Company will go into effect October 1.

The state railroad and warehouse commission yesterday issued the necessary orders granting the applications of the two companies. Since there was no opposition to the reductions, no hearings were necessary.

The new rates are intended to prevent the charges on toll calls beyond the minimum three minutes from piling up too rapidly and will save Minnesotans about \$50,000 annually.

COL. ROOSEVELT TO
ENTER CAMPAIGN
IN MINNESOTA

St. Paul, Sept. 22.—(UP)—Colonel Theodore Roosevelt, Jr., will come into Minnesota early in October and speak in the ninth congressional district on behalf of Representative C. E. Selvig, republican, candidate for reelection, it was announced today.

Roosevelt will be at Moorhead on October 4 and at Detroit Lakes October 5. Both times he will address evening meetings.

Roosevelt is interested in Selvig's agricultural work.

RESCUE WORKERS
SEARCH THE RUINS
FOR MORE BODIESDEATH LIST IN MIAMI HAS NOW
BEEN BROUGHT
TO 95KNOWN DEAD IN STORM AREA
TODAY TOTTLED
317By ALFRED RECK
(United Press Staff Correspondent)

Miami, Fla., Sept. 22.—(UP)—With relief pouring in from other cities, southeastern Florida today was rapidly recovering from the effects of Saturday's hurricane.

The toll of lives taken in Greater Miami, which yesterday was reported at 132, late today was officially announced at 95 by W. H. Combs, chief of the mortuary committee.

The known dead in the storm area today totaled 317. It was believed that by tonight practically all of the dead would be identified and the casualties definitely known. It was believed that the total would not go much higher.

Martial law has been lifted throughout the storm area. The weather was clear.

Burial of the dead cast its inevitable gloom over the city. Caskets were sent from outside cities and all day graves were dug and filled again in the cemeteries.

In the cities and through the outlying districts squads of railroad workmen repaired the tracks while linemen for telegraph, telephone and power companies restored communication and power transmission.

The list of known dead: Miami, 95, of which number 16 are negroes.

Miami Beach, 52.
Hollywood, 30.
Moorhaven, 40.
Hialeah and vicinity, 50.
At various scattered points, 50.
Total, 317.

The property loss in Greater Miami is officially reported at \$100,000,000 by insurance adjusters. Of this amount, approximately 10 per cent is insured. The probable recovery, the adjusters said, would not total more than \$5,000,000.

Tetanus anti-toxin was brought here last night from Richmond, Va., by Lieutenant Blissell of the United States air service.

Thirteen bodies have been recovered in Miami Beach, a check-up disclosed today. Seven have not been identified.

American Legion workers found Mr. and Mrs. Jerome Cherbino, first reported as dead, safe at the home of a friend on Golden Beach.

Bimini, small island in the British Bahamas, was badly damaged by the same hurricane that wrecked Miami, according to members of the crew of the tug Miami, who returned here. Details of havoc done there were placed in the hands of L. Oates, British vice consul.

The Bimini hotel was wrecked as was practically every building on the island, according to Captain W. Brown of the United States coast guard, whose craft put into Miami yesterday and returned to the island after having been loaded with supplies.

The Munson liner Munamer also left supplies at Nassau for transportation to Bimini. The number of dead has not been ascertained.

Scores of liquor craft were lost together with their crews, Captain Brown said. Most of the dead were negroes.

Conscription of negro labor was ordered today by county and city officials.

Deputy sheriffs, police officers and troops have been dispatched through the negro section of Miami with orders to take all males of workable ages and bring them to the court house to be used in clearing up debris in all parts of the county.

This action followed a conference between Sheriff Henry R. Chase and Assistant Police Chief Forest E. Nelson.

American Flowers to Bloom at Stockholm

Flowers from Yellowstone park will soon blossom in the royal gardens of the Swedish capital, according to word received in Washington by the United States national park service from Prof. H. S. Conrad of Grinnell college, director of the lecture and nature guide service in the park. During the recent tour of Crown Prince Gustavus Adolphus and his consort through Yellowstone National park, Professor Conrad was detailed to accompany the royal party and to give the prince, whom he found to be an enthusiastic and well-informed botanist, the benefit of his intimate knowledge of the mountain flora. Professor Conrad has shipped to Stockholm a collection of the rarer species of Yellowstone plants, not as yet represented in the royal herbarium, and he has also sent seeds of a number of the choicer flowers which, it is hoped, will become permanent American representatives at the Swedish court.

Age of Luxuries

Not to be entirely outdone by reports of purchases of solid gold dinner plates at very high prices, a special order has just been placed in New York by a certain woman for teaspoons of the solid metal at \$500 a dozen. In another case an order has been sent in to a well-known concern in New York calling for six fancy goblets wrought in solid gold. Just what they will cost the purchaser was not known, as the price had not been calculated for the style of goblet wanted. That this is a minor factor in the transaction, however, is indicated by the fact that the order was "signed, sealed and delivered" by the purchaser on the assurance of the selling house that it could be executed as desired.

Too Much "Acid?"

Excess Uric Acid Gives Rise to Many Unpleasant Troubles.

AUTHORITIES agree that an excess of uric acid is primarily due to faulty kidney action. Retention of this toxic material often makes its presence felt by sore, painful joints, a tired, languid feeling and, sometimes, toxic backache and headache. That the kidneys are not functioning right is often shown by scanty or burning passage of excretions. Thousands assist their kidneys at such times by the use of Doan's Pills—a stimulant diuretic. Doan's are recommended by many local people. Ask your neighbor!

American Flowers to Bloom at Stockholm

Flowers from Yellowstone park will soon blossom in the royal gardens of the Swedish capital, according to word received in Washington by the United States national park service from Prof. H. S. Conrad of Grinnell college, director of the lecture and nature guide service in the park. During the recent tour of Crown Prince Gustavus Adolphus and his consort through Yellowstone National park, Professor Conrad was detailed to accompany the royal party and to give the prince, whom he found to be an enthusiastic and well-informed botanist, the benefit of his intimate knowledge of the mountain flora. Professor Conrad has shipped to Stockholm a collection of the rarer species of Yellowstone plants, not as yet represented in the royal herbarium, and he has also sent seeds of a number of the choicer flowers which, it is hoped, will become permanent American representatives at the Swedish court.

Age of Luxuries

Not to be entirely overcome by reports of purchases of solid gold dinner plates at very high prices, a special order has just been placed in New York by a certain woman for teaspoons of the solid metal at \$500 a dozen. In another case an order has been sent in to a well-known concern in New York calling for six fancy goblets wrought in solid gold. Just what they will cost the purchaser was not known, as the price had not been calculated for the style of goblet wanted. That this is a minor factor in the transaction, however, is indicated by the fact that the order was "signed, sealed and delivered" by the purchaser on the assurance of the selling house that it could be executed as desired.

Too Much "Acid?"

Excess Uric Acid Gives Rise to Many Unpleasant Troubles.

AUTHORITIES agree that an excess of uric acid is primarily due to faulty kidney action. Retention of this toxic material often makes its presence felt by sore, painful joints, a tired, languid feeling and, sometimes, toxic backache and headache. That the kidneys are not functioning right is often shown by scanty or burning passage of secretions. Thousands assist their kidneys at such times by the use of Doan's Pills—a stimulant diuretic. Doan's are recommended by many local people. Ask your neighbor!

ROSKO BROS. BUILD A NEW ADDITION

Work on Storage Room and Workshop Under Way at Local Garage

NEW FLOOR SPACE, 70 BY 90 FT.

Workshop When Completed Said to be the Best Equipped in State

Rosko Brothers, dealers in Dodge motor cars and trucks, and Graham Brothers trucks, 221 9th street south have authorized the construction of a storage room addition to their garage to have a floor space of 50 feet by 50 feet and an addition to their work shop of 20 by 40 feet which when completed will increase the floor space of the entire garage to 70 feet by 90 feet.

The work was started Tuesday by the contractor J. E. Jackson who expects to have the new building which is to be one story, completed by 30 days.

The addition will have walls of tile covered with stucco. It is estimated that the expenditure of the new building will run close to \$3,000.

The storage room will have a storage capacity of 50 cars while the workshop will be able to accommodate the repairing of eight cars at one time.

The workshop when completed will be the best lighted and equipped workshop in the State, it is stated.

The present building will also be succeeded to match the new addition.

Rosko Brothers have established themselves in a firm relationship with car owners and especially Dodge car owners in Brainerd. Their increase in business necessitated the construction of the new addition.

"SOME WILD NOTIONS I HAVE KNOWN"

By the REV. ROY L. SMITH, D. D.
Pastor Simpson M. E. Church, Minneapolis

"RELIGION AND BUSINESS WILL NOT MIX"

But business is mixing religion with its business every day. There is far more genuine Christianity in American business than most of us realize.

Modern business turns the other cheek. Clerks behind the counters, telephone girls, salesmen, solicitors and claim adjusters are carefully trained in the art of agreeableness. They can hardly be forced into an argument or acrimonious dispute. Big business knows that angry contentions do not pay.

The courts are gorged with lawsuits, but scores of causes for suits are overlooked rather than to take the case into the court. "We would rather settle a claim, even when we know it is unjust than to go into the courts," said the claim adjuster of a street railway system.

Modern business "bears one another's burdens." The maxim of main street is co-operative. Competitors meet around the lunch table in amity and good will. Grocers, rubber stamp manufacturers, hotel keepers, garage owners, merchant tailors and bank clerks all have their trade organizations in which they meet regularly to exchange ideas for the benefit of their neighbors.

Modern business is a servant. Try to estimate the amount of free service you get every day from men who are in business for profit. "He profits most who serves best" is the Rotarian motto that is accepted literally by hundreds of thousands of American business men. "Free Air," Service with a Smile, "Ask Us," Information Service, "Our Business is Service"—these are a few of the signs that have become so common that they are taken for granted.

Modern business is faith. Banks accept checks from other banks they never heard of. Merchants take checks from customers they have never seen. Very little money is used in an average day's business. More than ninety-five per cent of the day's business is done by means of paper credit. Even currency is not money but a promise to pay in gold or silver, on demand. Watch the operations of the wheat pit. Millions of bushels of grain are exchanged on the basis of a nod, a wink, a shrug of the shoulder.

Modern business is idealistic. The bigger the business the more it is apt to accept its trade as a solemn obligation to the public. "Raising the standards of the trade," "Cleaning up the business," "Accepting our responsibility to the community"—these are topics that are included on the program of almost every national gathering of business men.

Modern business is not pious in all its departments, nor is it devout in all its dealings, but a goodly amount of practical religion is being mixed with every day's trade.

FASHIONS

By HEDDA HOYT
New York, Sept. 22. — (UP)—Writers of Women's pages are forever giving advice upon dress to business women suggesting as a rule, dark colors, long sleeves, sensible necklines, little jewelry, no cosmetics, subdued footgear, etc. One would think that the business woman was a creature apart from the smug married ladies who drudge about kitchens. And in a way she is.

It is even more necessary for the business woman to be well dressed than it is for the woman who does house work in the mornings and gads the streets in the afternoons. The business woman must look her best eight hours a day for six days of the week. Looking trim and

smart is part of her job. Men do not want drab looking assistants about their offices; girls with unmarcelled hair, sallow skins and hideous frocks. The day of the "maiden lady" stenographer is passed and those prim old pioneers of the keys are today bobbed, rouged and shorter-skirted along with the new recruits to the ranks.

When I say that men do not want slatterns in their offices I do not mean to infer that they want women with the danger signal written all over them. A man wants an assistant who is neat, becomingly and sanely dressed and with well-cared for hair, hands and fingernails. He expects these things in both men and women assistants.

The office vamp with peroxidized hair, rouged lips and fluffy frocks which were suitable for an afternoon tea proved herself a liability rather than an asset and thank Goodness, we see her type no more. The middle route between the two extremes of dressing is a hard one to follow.

Even the girl who uses the office as a means of livelihood between high school and marriage must learn that office clothing must combine smartness with dignity rather than with allurements. If she wears sleeveless, knee-lengthed, form-displaying dresses she merely lessens her chances of advancement and gains the disapproval of saner women with whom she is associated.

As to colors, dark shades are easier to keep in condition and they give a business-like appearance to the wearer. But—in these days of bright colors, the business-woman need not confine herself strictly to somber shades. Dull shades of green, tan, rose and even certain darker reddish shades can be worn if they are made in tailored styles. We find no uniformity of dress except in some of the large department stores and in factories. The business woman has achieved a tremendous place in the business world, a place which she perhaps never would have attained had she been garbed as a chorus girl, or as a misfit in navy-blue serges.

Millions More to make Hupmobile Six the Finest Six under \$2000

Hupmobile has spent many extra millions the last 18 years to build superior quality into Hupmobiles.

Hupmobile continues to spend extra millions today to make its Six the finest Six under \$2000. Hupmobile has always built only one way—it has always kept faith with its own standards. That's why the name Hupmobile means as much as it does.

That is why you can buy this great Six in the absolute assurance that it gives you Hupmobile performance, value and economy.

Owners reap the benefit—and Hupmobile finds its six-cylinder car in growing demand month after month and year after year.

Those extra millions show in far finer workmanship, in far more thorough inspection, in better steels and in building to scrupulously close measurements.

Hupmobile could build its great Six to ordinary standards, and it would still be one of the foremost cars in America from the standpoint of acceleration, of comfort, of steering and riding ease, of roadability.

But it would not have that surpassing smoothness, that wonderful dependability, that ability to stay away from the repair shop months on end, which make the Hupmobile Six the great car it is.

Hupmobile Six a Leader, Also, in Complete, Modern Equipment

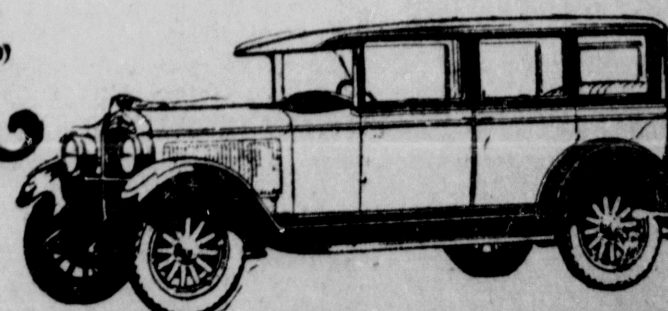

What goes into a motor car is vastly more important than what goes on it. You will not buy, of course, on mere externals and non-essentials, but on proven performance, dependability, long life, and low cost of maintenance. To superiority in these fundamentals, however, the Hupmobile Six also joins the latest and most complete equipment to be found on any car in its price class.

Oil filter, gasoline filter—low gasoline consumption, thermostat heat control, snubbers, vision-ventilating windshield, dash gasoline gauge, clear vision bodies, color options—Mohair upholstery in latest mode, walnut grained panels on instrument board and window ledges, 4-wheel brakes, special vibration damper, headlights with tilting beam lenses and double filament bulbs.

Sedan, five-passenger, four-door, \$1385. Coupe, two-passenger, with rumble seat, \$1385. Touring, five-passenger, \$1325. Equipment includes 30 x 5.25 balloon tires, four-wheel brakes. All prices f. o. b. Detroit, plus revenue tax.

Even the girl who uses the office as a means of livelihood between high school and marriage must learn that office clothing must combine smartness with dignity rather than with allurements. If she wears sleeveless, knee-length, form-displaying dresses she merely lessens her chances of advancement and gains the disapproval of saner women with whom she is associated.

As to colors, dark shades are easier to keep in condition and they give a business-like appearance to the wearer. But—in these days of bright colors, the business-woman need not confine herself strictly to somber shades. Dull shades of green, tan, rose and even certain darker reddish shades can be worn if they are made in tailored styles. We find no uniformity of dress except in some of the large department stores and in factories. The business woman has achieved a tremendous place in the business world, a place which she perhaps never would have attained had she been garbed as a chorus girl, or as a misfit in navy-blue serges.

SEE IT - DRIVE IT KNOW ITS ADDED VALUE

The car illustrated is the De Luxe Sedan, priced \$1125 at Lansing

You may know the general value of each new feature of Oldsmobile. You may appreciate the conclusive assurance of the many improvements tested and proved on the General Motors Proving Ground. You may note the rising tide of public favor that swells higher and higher for Oldsmobile. You may listen to the owners' whole-hearted praise.

But when you have seen it for yourself... when you have gone over it, point by point, studied every new feature... when you have examined its fine appointments... when you have taken the wheel and experienced its responsive power, its dashing performance, its nimbleness, its easy parking... then, and only then, can you realize what a truly fine car this is!

Come in... see it... drive it... know its added value!

Millions More to make Hupmobile Six the Finest Six under \$2000

Hupmobile has spent many extra millions the last 18 years to build superior quality into Hupmobiles.

Hupmobile continues to spend extra millions today to make its Six the finest Six under \$2000. Hupmobile has always built only one way—it has always kept faith with its own standards. That's why the name Hupmobile means as much as it does.

That is why you can buy this great Six in the absolute assurance that it gives you Hupmobile performance, value and economy.

Owners reap the benefit—and Hupmobile finds its six-cylinder car in growing demand month after month and year after year.

Those extra millions show in far finer workmanship, in far more thorough inspection, in better steels and in building to scrupulously close measurements.

Hupmobile could build its great Six to ordinary standards, and it would still be one of the foremost cars in America from the standpoint of acceleration, of comfort, of steering and riding ease, of roadability.

But it would not have that surpassing smoothness, that wonderful dependability, that ability to stay away from the repair shop months on end, which make the Hupmobile Six the great car it is.

Hupmobile Six a Leader, Also, in Complete, Modern Equipment

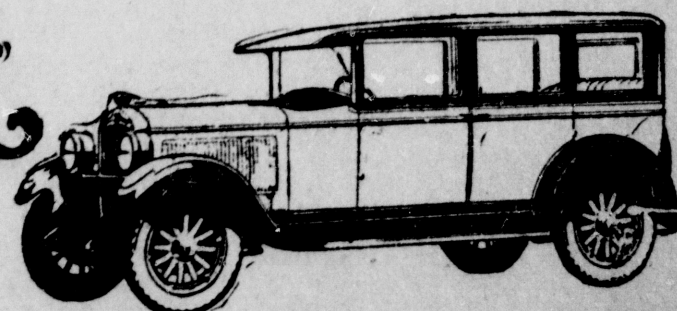

What goes into a motor car is vastly more important than what goes on it. You will not buy, of course, on mere externals and non-essentials, but on proven performance, dependability, long life, and low cost of maintenance. To superiority in these fundamentals, however, the Hupmobile Six also joins the latest and most complete equipment to be found on any car in its price class.

Oil filter, gasoline filter—low gasoline consumption, thermostatic heat control, snubbers, vision-ventilating windshield, dash gasoline gauge, clear vision bodies, color options—Mechanical upholstery in latest mode, walnut grained panels on instrument board and window edges, 4-wheel brakes, special vibration damper, headlights with tilting beam lenses and double filament bulbs.

Sedan, five-passenger, four-door, \$1385. Coupe, two-passenger, with rumble seat, \$1385. Touring, five-passenger, \$1325. Equipment includes 30 x 5.25 balloon tires, four-wheel brakes. All prices f. o. b. Detroit, plus revenue tax.

WEDNESDAY, SEPTEMBER 22, 1926

IT'S A DAY OF SIDELINES

WHETHER we all need more money and our present vocation does not yield enough to supply the ever increasing wants of the family larder and budget, the fact is noticeable that a lot of us, like commercial travelers, are carrying sidelines.

We have, for instance, the spectacle of a minister holding his church pulpit, but at the same time using his spare moments as a publicist and lecturer. It is common for ministers to seek platform and other lecture engagements, the Chautauqua field being an especially fruitful field.

We have men in government positions writing insurance as sidelines.

We have mechanics doing garage work in spare hours. We have men holding regular clerical jobs and doing clerical work, after hours, for other individuals and organizations.

We have men in certain positions or lines of business handling other lines after hours.

It seems that the department store idea is affecting us as individuals and instead of confining our efforts to one job, we are spreading over a lot of territory. It reveals an energetic streak in all of us, but it sort of impinges on the man who may have made a regular business of the job we are assuming as a sideline.

And then in merchandising, we find many established lines of business adding those of other merchants. In large cities one sees a cut price drug store add light lines of hardware, groceries, printing, drygoods, stationery, etc. And some country newspapers are spreading too. They start with a newspaper business and a print shop, then include stationery and wind up by adding a line of typewriters and adding machines, office fixtures, etc.

CLAIMS WE DO NOT NEED LICENSE FOR DRIVERS

THE Deer River News is against the proposition of licensing drivers. It contends that as a means of raising revenue for good roads, such a law might be justified. But as a means of solving the traffic problem, it would not prove an adequate step.

It continues its argument as follows:

You can't make bad men good by punishing the good ones. And you can't make reckless drivers good by taxing the careful drivers. Requiring a license of every person will add another tax, and the Lord knows we have too many taxes now. Administration of the proposed law would require another big bureau in the state capitol, with a large office force of clerks, all pulling down good salaries.

The state now requires a license for non-resident fishermen. Yet thousands of persons fish here without a license. The state has a law specifying limits for fish and small game. But the law is violated in hundreds of instances.

Making a reckless driver pay a license tax will hardly make him more careful. And hundreds of thousands of careful drivers would be penalized by the attempt to correct the evil.

Right now we have on the statute books of this state laws to take care of the reckless and drunken drivers. Failure to secure efficiency and safety is not due to there being no law licensing drivers, but to the inefficiency of traffic officers and the pandering of our courts. Enforce the laws we now have and the problem of the reckless driver will be solved.

A policy of punishing the innocent in an attempt to correct the conduct of the guilty is hardly based on common sense or sound policy.

AMERICAN RESERVATIONS TO THE WORLD COURT

THE American reservations on the world court are stiff ones, in fact, as mentioned by Senator James A. Reed of Missouri in his interview with the Brainerd Dispatch at Breezy Point Lodge: "Our best apology for not entering the world court consists in the added reservations planned to keep us out."

And just yesterday, the spokesman for President Coolidge said the original reservations, as given out by the U. S. Senate must stand unaltered. The fifth reservation is the stickler. It provides that the court shall not consider any matters affecting the United States without the permission of this country. The Geneva conference of member nations agreed to this qualified by the interpretation that it meant the United States asked simple equality with the league members before the court.

The President feels that he himself cannot "interpret the reservations especially as they express the sentiment of the senate after liberal consideration."

And today comes a bulletin from Geneva in which the drafting committee of 14 recommends acceptance of all the American reservations to the world court protocol with a reservation or provision of their own, that the United States should negotiate an understanding with the League of Nations council with respect to the manner of expressing American consent to the court rendering an advisory opinion.

And there we stand at present, our whole entry in the world court apparently resting on the all important question of who shall interpret the position of the United States.

FLORIDA RELIEF IMPERATIVE

FLORIDA relief is an imperative matter, so very urgent, that Red Cross officials ask that daily remittances be made by various chapters engaged in soliciting relief.

A telegram from Wm. M. Baxter, Jr., of St. Louis, Mo., addressed to Mrs. J. A. Thabes, chairman of the Brainerd Chapter, states:

"Red Cross is mobilizing all resources for relief of the disaster sufferers of Florida hurricane. Your chapter should give immediate publicity to this fact, calling attention to the great loss of life, the large number of injured and the homeless, announcing readiness to receive and forward contributions. This word should go to the entire chapter jurisdiction. Remit daily sums received."

The first day of the appeal in the Brainerd Daily Dispatch brought in \$24 which was promptly turned over to the secretary of the Brainerd Red Cross, G. W. Chadbourne. The treasurer of the association here is George D. LaBar.

IN the past it has often been proposed to tunnel the English channel from France to England and also to tunnel the gap from Spain to Africa. With the flock of long distance swimmers able to negotiate channels, it seems a waste of money to build tunnels.

Sept. 21, 1901

This afternoon Mrs. C. B. White gave a dinner party in honor of Miss Zulu Way, who will leave soon for the southern part of the state where she has accepted a position to teach school. Covers were laid for ten and the following young ladies composed the party: The Misses Nellie and Florence Merritt, Belle Wilson, Jessie Gibb, Edith Glickerson, Stella Way, Daisy Millsbaugh, Vincent Mahlum, Eda Graaf, and Zulu Way. A distinguished party of Northern Pacific railroad officials visited Brainerd, yesterday. The party was composed of General Manager, W. G. Pearce, Superintendent of Motive Power A. Lovel, General Superintendent M. C. Kimberly and Assistant Superintendent A. E. Law.

Last night the Peterson company gave a dance after their performance and talks on medicine at Gardner hall. A prize of some cups were offered for the best waltzers and the two couples which succeeded in capturing the much coveted cups were Charles Hoffman and Miss Edna Stickney and John Olson and Miss Mabel Gray. The two couples danced so perfectly that the judges could not decide which was the best and each one got a cup.

Mrs. L. A. Emerson accompanied by her daughter Mrs. F. S. Parker left this afternoon for St. Paul for an extended visit.

Editor F. W. Wieland left this afternoon for St. Paul on business.

Mrs. J. S. Drysdale and children

How Quality Standardization Builds Long Life in CHRYSLER "70"

The Chrysler plan of Quality Standardization differs from, and is superior to, ordinary manufacturing practice and methods, because it demands fixed and inflexible quality standards which enforce the same scrupulously close limits—the same rigid rule of engineering exactness—the same absolute accuracy and precision of alignment and assembly—in the measurement, the machining and the manufacturing of every part, practice and process in four lines of Chrysler cars—"50", "60", "70" and Imperial "80".

LONG life is the fruit of Chrysler's standardization of quality—the planned result of an engineering and manufacturing precision which, in its all-embracing scope, is new to the motor car industry. Where ordinary engineering is satisfied with the customary margin of safety, Chrysler engineering has provided lighter alloy steels tested under stresses thousands of pounds greater than they will ever be called upon to meet.

Where ordinary manufacture is usually content with limits of a thousandth of an inch, Chrysler "70" craftsmanship painstakingly calibrates in ten-thousandths. Therefore, it has been only logical that not only Chry-

sler "70's" speed and power should eclipse all previous performance; its striking and smart appearance should outmode all existing body design, but—

Most important of all—that its remarkable endurance should be obsoleting preconceived ideas of durability and long life, even though its hundreds of thousands of owners exact from their cars the seemingly impossible in performance.

We are eager to demonstrate these Chrysler "70" superlatives.

CHINESE CABINET RESIGNED TODAY

Pekin, Sept. 22.—(UP)—The Chinese cabinet resigned today.

No real authority attached to the various cabinets which rapidly have succeeded each other in Peking. Civil government is dependent upon the goodwill of the militarist, who happens to be in control of Peking at the moment and it is no exaggeration to say the power of the ministers scarcely extended beyond their own garden walls.

PENSACOLA REPORTS PROPERTY DAMAGE

New Orleans, La., Sept. 22.—Terrible destruction of property by the hurricane which lashed Pensacola for 20 hours yesterday was reported by Mayor Bayliss of that city in a radiogram to the naval radio station at Algiers early today. The commander of the Pensacola naval station reported three persons were killed by the gale and expressed fear that a larger toll of life was taken in settlements northwest of the city.

Mayor Bayliss added to the commandant's statement that there was no loss of life "in Pensacola proper." "It is impossible to estimate the extent of the damage at this time," Bayliss reported.

The air station commander said many boats had been sunk and that all roads leading from the city had been made impassable by high water and the destruction of bridges. The hurricane attained a velocity of 120 miles an hour, at its peak, he said.

The coastguard cutter Talapoosa reported three large foreign steamers had been driven aground and that it was leading all possible aid.

MILLION DOLLAR DAMAGE AT MOBILE

Mobile, Ala., Sept. 22.—Property damage estimated at a million dollars was done in Mobile by the hurricane which struck here Monday night but no loss of life occurred.

The wind has subsided and the barometer has gone up to near a normal level once more. The city, however, is menaced by high tides. Last night the water was up to the level of the wharves.

The tug Echo reached here after visiting the town of Fairhope between Mobile and Pensacola and reported \$100,000 damage there but no lives lost.

PYTHIANS SEND RELIEF TO FLORIDA

Milwaukee, Wis., Sept. 22.—R. S. Witte, Milwaukee, supreme chancellor of the Knights of Pythias, today wired W. R. O'Neal at Orlando, Fla., that the order has \$5,000 which is at his disposal to be used for relief in the devastated sections near Miami.

Witte further announced today he had issued a general order to all Pythian lodges in the United States to start collecting funds for the relief of persons in storm-wrecked Florida.

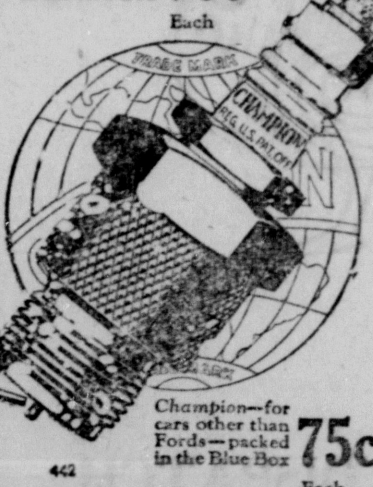

According to Witte the \$5,000 is a fund which was established for relief in emergency cases.

CHINESE CABINET RESIGNED TODAY

EVENT, HOWEVER, SEEMS TO BE OF MINOR IMPORT- ANCE

Pekin, Sept. 22.—(UP)—The Chinese cabinet resigned today.

No real authority attached to the various cabinets which rapidly have succeeded each other in Peking. Civil government is dependent upon the goodwill of the militarist, who happens to be in control of Peking at the moment and it is no exaggeration to say the power of the ministers scarcely extended beyond their own garden walls.

PENSACOLA REPORTS PROPERTY DAMAGE

New Orleans, La., Sept. 22.—Tremendous destruction of property by the hurricane which lashed Pensacola for 20 hours yesterday was reported by Mayor Bayliss of that city in a radiogram to the naval radio station at Algiers early today. The commander of the Pensacola naval station reported three persons were killed by the gale and expressed fear that a larger toll of life was taken in settlements northwest of the city.

Mayor Bayliss added to the commandant's statement that there was no loss of life "in Pensacola proper." "It is impossible to estimate the extent of the damage at this time," Bayliss reported.

The air station commander said many boats had been sunk and that all roads leading from the city had been made impassable by high water and the destruction of bridges. The hurricane attained a velocity of 120 miles an hour at its peak, he said.

The coastguard cutter Talaposa reported three large foreign steamers had been driven aground and that it was lending all possible aid.

MILLION DOLLAR DAMAGE AT MOBILE

Mobile, Ala., Sept. 22.—Property damage estimated at a million dollars was done in Mobile by the hurricane which struck here Monday night but no loss of life occurred.

The wind has subsided and the barometer has gone up to near a normal level once more. The city, however, is menaced by high tides. Last night the water was up to the level of the wharves.

The tug Echo reached here after visiting the town of Fairhope between Mobile and Pensacola and reported \$100,000 damage there but no lives lost.

PYTHIANS SEND RELIEF TO FLORIDA

Milwaukee, Wis., Sept. 22.—R. S. Witte, Milwaukee, supreme chancellor of the Knights of Pythias, today wired W. R. O'Neal at Orlando, Fla., that the order has \$5,000 which is at his disposal to be used for relief in the devastated sections near Miami.

Witte further announced today he had issued a general order to all Pythian lodges in the United States to start collecting funds for the relief of persons in storm-wrecked Florida.

N. E. BEATS "Y" FOR CITY TITLE

VAN WALK BESTS SANDGREN IN THE FINAL GAME, 6-3

JARBO STARS IN FIELD TO AID TEAM TO WIN CITY CHAMPIONSHIP

OVER 800 PEOPLE SEE N. E. COME FROM BEHIND AS Y. INFIELD BLOWS UP

The silver trophy donated by the Alderman-Maghan Co., emblematic of the city championship in baseball, last night found a new resting place for the coming year, when the N. E. team emerged victorious over the Y.

M. C. A. in a 6 to 3 battle before over 800 ardent fans.

The team from N. E. came from behind to stage a thrilling rally for six runs in the fifth inning, taking the play right out of the hands of the Y. M. C. A. squadron, as the Y. infield blew to smithereens under an assault of hits, infield hits and daring base running. Up to that point the Y. was leading 3 to 0, and bid fair to send the series to another game to decide the championship.

No bunch of fans ever had more to parade about than the N. E. fans, who have stayed by their players through the thick and thin of the battle, and when the game was over, the entire community staged a noise-making procession through town, marched en masse to the Y. M. C. A. to claim the cup, and with it went into one of the most enthusiastic celebrations ever seen in town.

Van Walk had a little the best of

Sandgren in the game, but the defeat of the Y. may be laid more to the let-down of the defensive playing in the fifth inning, when six runs pattered across the plate to cinch the game. After that it was all over but the shouting.

Jarbo played a whale of a game for N. E. at short stop, stabbing drives that seemed tagged for safe hits, all of his put outs and assists being sensational and breaking up threatening rallies. Elling played a dandy game at second base, and covered himself with glory throughout the game. His single off Sandgren's shins in the fifth inning started the rally that spelled defeat for the Y. H. Swanson at first base did up brown on everything that came his way.

For the Y, all the good playing has been forgotten in the memory of that fifth inning. Bollens played a good game at second base, Engbret-

son at short stop, and Anderson at third, all except in the fifth inning, which will stand out as a sore spot in the memory of every Y. M. C. A. player until next season. Hanson at first played his usual consistent game, gathering in everything that came his way. Bernard nipped off runners at first and second with nice throws.

L. Thompson sustained a bad blow over his left eye in the second inning, when a foul ball glanced off his bat and hit the eye, swelling it shut, and compelling him to withdraw from the game.

The Y. scored first in the third inning, when Bernard and Sheffo started off with singles, after one was out, and both rode home on Dillon's double to left center, and Dillon scored next on Bollens' double to center field.

In the fifth inning, Elling started with a single, Schwindeman singled,

and Van Walk was safe on an error of judgment on the part of the Y. infield. A. Swanson fanned, but Thon hit a grounder that brought in Elling, and was himself safe when Bollens failed to throw to first, trying to hold Elling at home. H. Swanson singled to center, scoring two, and Jarbo hit to left, scoring Thon. Jarbo took third when the bag was left uncovered, and came home on Kaufman's sacrifice fly to Sheffo.

The N. E. team is being feted by fans in the N. E. part of town. Mrs. Nels Jarbo will entertain for them at a chicken dinner on Sunday evening. She had promised them this treat if they won the cup, and it helped to spur them on to victory.

The brass band that has been out several times during the summer was again on deck to help N. E. win

Evidences of the Holy Spirit

Quite a number of out-of-town people attended the revival services at the Full Gospel Assembly last night, including several ministers. Rev. Tyler, the evangelist, spoke again in his earnest, forceful and convincing way on the subject, "Evidences of the Holy Spirit." He brought forth from the Word of God the evidences of a Spirit-filled life. "According to the Word of God, the evidences of a Spirit-filled and controlled life are, first, the speaking in other tongues, as the Spirit gives utterance; unity; power; boldness in witnessing for Jesus; great grace in giving and working for God's cause; holiness of life and character; gifts of the Spirit, and fruit of the Spirit, which is love; out of which comes joy, peace, longsuffering, gentleness, goodness, faith, meekness and temperance." Rev. Tyler said.

There were two services Sunday. Sunday evening Rev. Tyler spoke on "Good News About Death."

This is the last week of the campaign, and all should avail themselves of this opportunity to hear these great messages from the word of God. Services continue each evening at 7:30. Shop meetings will be held, also cottage prayer meetings. Tomorrow and Friday afternoon children's meetings will be held at 4:15, with Miss Ruth Christiansen in charge.

HUNTERS ARE ACQUITTED

Locals Charged With Game Law Infraction at Walker Yesterday

B. W. Orne and Dr. B. E. Norquist were arraigned yesterday in municipal court at Walker before Judge Kringel on a charge of violation of the game laws of Minnesota, both being acquitted of charges against them.

The two Brainerd hunters were charged with shooting ducks after sundown. Clem Ryan, of Ryan & Ryan law firm appeared for the defendants.

INSTRUCTS DANCERS FOR MUSICAL REVUE

Miss Edith Arnold, Famed Dancer, Formerly of "Follies," Here

REHEARSALS HELD DAILY

"Betty, Behave," Musical Comedy to be a Frolic of Fun and Laughter

Miss Edith Arnold arrived in Brainerd, Tuesday, to direct the dances and assist T. W. Chapleau in the Musical Comedy Revue, "Betty, Behave," to be presented by the Carl H. Hanson Post No. 255, at the New Park theatre, Wednesday and Thursday, Oct. 6th and 7th.

Miss Arnold is a very clever and graceful dancer. She has spent several years in New York City under the instruction of Tarasoff, Serova, Macagno, and others, and was in the cast of the Greenwich Village Follies.

"Betty, Behave" is a frolic of fun and laughter from curtain to curtain. There are about 18 choruses and musical numbers that are entirely new, and are different from those seen in most home talent musical shows. A bevy of girls who dance and sing—who kick. This is a feature seldom seen in shows produced by local talent.

"Betty, Behave" is under the direction of T. W. Chapleau of the Stevens Randall Co., who are producers of similar shows throughout the United States. One has only to watch Miss Arnold and Mr. Chapleau but a few minutes in their direction of the dances to realize that this part of the show will be a delightful and entertaining success.

Some of the choruses included in the cast are:

Old fashioned Girls: Violet Stanley, Lillian Russell, Doris McDonald, Edith Titus, Dora Albers, LaVerne Hawley.

Farmerettes: Geraldine White, Nellie Gillette, Alberta Smith, Myrtle Hegstad, Irene Molstad, Eva Cunningham, Doris McDonald, Edith Titus.

Tamperkoe Girls: Gertrude McGarry, Maymie Carmichael, Beatrice Larson, Florence Congdon, Marjorie Carmichael, Mary Elsenpeter.

Beach Girls: Theresa Novak, Irene Molstad, Eva Cunningham, Mildred Hagberg, Alberta Smith, Ethel Burns, Mae Tierney, Dorothy Phabes.

COMPLETE STREET EXCAVATION WORK

C. C. Kuschel Has Contract For Excavating Sixth and Laurel Streets

COMPLETED TOMORROW

Paving Will Commence Possibly This Week; Work Pushed on No. 27

L. C. Kuschel, local contractor who received the sub-contract from Ostrand & Hallett, contractors on the paving of Highway No. 27, for the excavation of Sixth and Laurel streets, today announced that he would complete excavation work on these streets by tomorrow night.

It is possible that paving of the streets will commence the latter part of this week or the first part of next week.

With fine weather the contractors on the paving are steadily pushing their way towards Brainerd and the contractors feel hopeful they can complete the paving to Brainerd by October 20.

Edward F. Kennedy, Newspaperman, Dies

Oshkosh, Wis., Sept. 22.—Funeral services will be held tomorrow afternoon for Edward F. Kennedy, managing editor of the Oshkosh Daily Northwestern, who died at his home here yesterday after an illness of six weeks. Kennedy had been engaged in newspaper work for the past 40 years in Oshkosh. He was born in Boston, April 23, 1863, and is survived by his widow.

COLLEGE STARTS ITS FALL TERM

Brainerd Commercial College Has Large Class Enrolling For Opening Sept. 7

MANY QUERIES RECEIVED

Present Enrollment Numbers Students from Iowa, Nevis, Pine River, Crosby, Etc.

The Brainerd Commercial college started its fall term on September 7, with a large enrollment of new students. Another large class was started the next Monday, and many more are expected to enroll throughout the fall. Inquiries are being received from many out of town prospects such as from Wisconsin, Thief River Falls, Cass Lake, and other places too numerous to mention. It goes to prove the outlook for the winter is a good one, and that the Brainerd Commercial college is doing its part in drawing people into Brainerd.

The present enrollment includes students from a wide territory such as from Somers, Ia., Nevis, Pine River, Perham, Appleton, Crosby and the surrounding country, besides a goodly number residing in Brainerd.

With the number of graduates who are holding satisfactory positions in Brainerd and elsewhere as a result of their training at this college it should be an encouragement for those who contemplate enrolling.

Night school will also be conducted during the winter months if a satisfactory enrollment is secured.

Miss Lillian Peterson, a graduate of the St. Cloud State Teacher's college with several years teaching experience has been secured as the book-keeping instructor. After completing a business course, she did office work which enabled her to gain an actual knowledge of business and also taught business courses for a number of years before taking up her teaching duties here.

Miss Rosa J. Anderson has been with the college for over six years, first as an instructor and now as principal. Since taking over her duties as principal, three years ago, the enrollment has shown a marked increase and conditions, generally, have been bettered at the college.

The college enrollment averages from 30 to 40 students during regular sessions and although students may enroll at any time, new classes being formed every week, it is better for a student to begin at a regular opening.

The new fall catalogue is out and can be had upon request.

The college rooms which are in the City Hall are being redecorated this week and preparations are being made for the annual fall commencement exercises in which an exceptionally large class will take part.

OBITUARY

Gordon Swearingen Born June 22, 1919, Died Sept. 15, 1926

Gordon, Keith Swearingen, son of William and Cora Carper Swearingen was born at Gorton, S. D., June 22, 1919, and passed away at his home in Brainerd, Minn., Sept. 15, 1926, aged seven years.

A very brief illness with croup and pneumonia ended fatally in spite of constant care and the best of medical attention.

Gordon had been home but a few weeks after spending the summer with his aunt, Mrs. Fred Bittling at Buda, Ill., the former home of the family. To this place the body was taken by the father and brother. The funeral service was conducted at the Bunker Hill church south of that city Saturday afternoon and the remains were laid to rest beside his mother who preceded him in death. Two little sisters have also passed to the world beyond.

There are left to mourn his departure, his father, step-mother, four brothers and one sister beside a host of other relatives and friends.

Gordon was a faithful attendant at the Baptist Sunday school. The death of the lovable little lad saddened many hearts.

Hearing of Mrs. Ramie Landry to be Held Tomorrow Morning

Mrs. Ramie Landry appeared in municipal court this morning before Judge Ezra R. Smith, charged with assault upon Mrs. Palmer on South 7th street yesterday. The hearing was set for tomorrow morning at 10 o'clock.

The dispute is said to have started over family affairs.

Mrs. Palmer was formerly Mrs. Landry.

BIG DEMAND FOR WAR EXPLOSIVE

Carload of Pyrotol Received by County Agent E. G. Roth

EQUALS 40 PERCENT DYNAMITE

Many Farmers in County Clearing Lands for Cultivation Next Year

A big demand is made by farmers of the county this year for pyrotol, the government war explosive, the last carload of the season being received by E. G. Roth county agent, this week for distribution.

As a result of the use of the explosive many farmers are clearing new lands and developing to a bigger extent their already uncultivated lands.

Although the explosive is going fast Mr. Roth has several thousand pounds still on hand which can be taken by farmers of Crow Wing, Morrison and Cass counties.

The explosive has the same strength as 40 percent dynamite, does not cause headaches, does not freeze and will keep indefinitely, if kept in a dry place. There are 300 sticks in each 100 pounds.

SECURE 5 ACRES NEAR CEMETERY

Evergreen Cemetery Association to Improve New Burial Ground Acquisition

OLSON PROPERTY PURCHASED

Contract of Fencing, Special Entrance Arch, Gates, Let to Crowley Fence Co.

The Evergreen Cemetery association have acquired the so-called Olson property of five acres near the cemetery and work will be started on it to make it as beautiful as the land now used by the cemetery, according to G. W. Chadbourne, secretary of the Cemetery Association.

The association have also closed a contract with the Crowley Fence Co., of Minneapolis, for 942 1/2 lineal feet of wire fencing, two walk gates, one special entrance arch, one pair iron gates, at the figure price of \$1,303 for fencing of the new property.

The addition of the new property to the present cemetery will definitely assure the association of a permanent cemetery at its present location. The Evergreen Cemetery is one of the most beautiful and best cared for cemeteries in the state. The additional land will be made to look even prettier than the present land.

FADS OF THE FAMOUS

Adolphe Menjou

Collecting bits of paper, less than one inch square, is the fad of Adolphe Menjou, Paramount featured player.

Specifically, Menjou is Hollywood's most enthusiastic stamp collector. Four much-thumbed leather-bound volumes are filled with official marks of every government and almost every province in the world. Many of these tiny bits of paper are valued at thousands of dollars.

As a connoisseur of stamps, Menjou is regarded as one to be rivalled only by Scott, the accepted authority. Every tiny scroll, very water-mark, every picture of a long-deposed monarch is known to him. He can spot a counterfeit a mile distant.

"Stamp collecting to most people is dull and tedious work. To me it is the most fascinating game in the world," said Menjou. "What a story each of the stamps could tell. What a wealth of news they have transported—letters of long-forgotten loves, important legal documents upon which the fate of nations revolved, missives of joy and sorrow, of wealth and of poverty—all have been carried by these tiny bits of paper."

"Stamp collecting has still another appeal. The surest and politest way of disposing of an unwelcome guest is to produce one's album and start to go through it, carefully and lengthily explaining the history of every stamp it contains."

Featured with other entertainment will be a huge parade which will take place after dark on the downtown streets, forests from all parts of the State to be represented.

Among the out-of-town officers to be in attendance will be Charles Grubb, District Representative of Forest No. 47, Duluth.

The public at large, as well as members are invited to listen very carefully for breezes blowing through the Tall Cedars of Forest No. 58 of Brainerd, for details of what is to be one of the liveliest afternoon and evening that Brainerd has ever witnessed, the publicity committee announce.

Evidences of the Holy Spirit

Quite a number of out-of-town people attended the revival services at the Full Gospel Assembly last night, including several ministers. Rev. Tyler, the evangelist, spoke again in his earnest, forceful and convincing way on the subject, "Evidences of the Holy Spirit." He brought forth from the Word of God the evidences of a Spirit-filled life. "According to the Word of God, the evidences of a Spirit-filled and controlled life are, first, the speaking in other tongues, as the Spirit gives utterance; unity; power; boldness in witnessing for Jesus; great grace in giving and working for God's cause; holiness of life and character; gifts of the Spirit, and fruit of the Spirit, which is love; out of which comes joy, peace, longsuffering, gentleness, goodness, faith, meekness and temperance," Rev. Tyler said.

There were two services Sunday. Sunday evening Rev. Tyler spoke on "Good News About Death."

This is the last week of the campaign, and all should avail themselves of this opportunity to hear these great messages from the word of God. Services continue each evening at 7:30. Shop meetings will be held, also cottage prayer meetings. Tomorrow and Friday afternoon children's meetings will be held at 4:15, with Miss Ruth Christiansen in charge.

HUNTERS ARE ACQUITTED

Locals Charged With Game Law Infraction at Walker Yesterday

B. W. Orne and Dr. B. E. Norquist were arraigned yesterday in municipal court at Walker before Judge Kringle on a charge of violation of the game laws of Minnesota, both being acquitted of charges against them.

The two Brainerd hunters were charged with shooting ducks after sundown. Clem Ryan, of Ryan & Ryan law firm appeared for the defendants.

INSTRUCTS DANCERS FOR MUSICAL REVUE

Miss Edith Arnold, Famed Dancer, Formerly of "Follies," Here

REHEARSALS HELD DAILY

"Betty, Behave," Musical Comedy to be a Frolic of Fun and Laughter

Miss Edith Arnold arrived in Brainerd, Tuesday, to direct the dances and assist T. W. Chapleau in the Musical Comedy Revue, "Betty, Behave," to be presented by the Carl Sidney Hanson Post No. 255, at the New Park theatre, Wednesday and Thursday, Oct. 6th and 7th.

Miss Arnold is a very clever and graceful dancer. She has spent several years in New York City under the instruction of Tarasoff, Serova, Macogno, and others, and was in the cast of the Greenwich Village Follies.

"Betty, Behave" is a frolic of fun and laughter from curtain to curtain. There are about 18 choruses and musical numbers that are entirely new, and are different from those seen in most home talent musical shows. A bevy of girls who dance and sing—who kick. This is a feature seldom seen in shows produced by local talent.

"Betty, Behave" is under the direction of T. W. Chapleau of the Stevens Randall Co., who are producers of similar shows throughout the United States. One has only to watch Miss Arnold and Mr. Chapleau but a few minutes in their direction of the dances to realize that this part of the show will be a delightful and entertaining success.

Some of the choruses included in the cast are:

Old fashioned Girls: Violet Stanley, Lillian Russell, Doris McDonald, Edith Titus, Dora Albers, LaVerne Hawley.

Farmerettes: Geraldine White, Nellie Gillette, Alberta Smith, Myrtle Hegstad, Irene Molstad, Eva Cunningham, Doris McDonald, Edith Titus.

Tampekoe Girls: Gertrude McGarry, Maymie Carmichael, Beatrice Jepson, Florence Congdon, Marguerite Carmichael, Mary Eisenpeter.

Beach Girls: Theresa Novak, Irene Molstad, Eva Cunningham, Mildred Hagberg, Alberta Smith, Ethel Burns, Mae Tierney, Dorothy Phabes.

COMPLETE STREET EXCAVATION WORK

L. C. Kuschel Has Contract For Excavating Sixth and Laurel Streets

COMPLETED TOMORROW

Paving Will Commence Possibly This Week; Work Pushed on Loc. 27

L. C. Kuschel, local contractor who received the sub-contract from Ostrand & Hallet, contractors on the paving of Highway No. 27, for the excavation of Sixth and Laurel streets, today announced that he could complete excavation work on these streets by tomorrow night.

It is possible that paving of the streets will commence the latter part of this week or the first part of next week.

With fine weather the contractors on the paving are steadily pushing their way towards Brainerd and the contractors feel hopeful they can complete the paving to Brainerd by October 20.

Oshkosh, Wis., Sept. 22.—Funeral services will be held tomorrow afternoon for Edward F. Kennedy, managing editor of the Oshkosh Daily Northwestern, who died at his home here yesterday after an illness of six weeks. Kennedy had been engaged in newspaper work for the past 40 years in Oshkosh. He was born in Boston, April 23, 1863, and is survived by his widow.

COLLEGE STARTS ITS FALL TERM

Brainerd Commercial College Has Large Class Enrolling For Opening Sept. 7

MANY QUERIES RECEIVED

Present Enrollment Numbers Students from Iowa, Nevils, Pine River, Crosby, Etc.

The Brainerd Commercial college started its fall term on September 7, with a large enrollment of new students. Another large class was started the next Monday, and many more are expected to enroll throughout the fall. Inquiries are being received from many out of town prospects such as from Wisconsin, Thief River Falls, Cass Lake, and other places too numerous to mention. It goes to prove the outlook for the winter is a good one, and that the Brainerd Commercial college is doing its part in drawing people into Brainerd.

The present enrollment includes students from a wide territory such as from Somers, Ia., Nevils, Pine River, Brainerd, Appleton, Crosby and the surrounding country, besides a goodly number residing in Brainerd.

With the number of graduates who are holding satisfactory positions in Brainerd and elsewhere as a result of their training at this college it should be an encouragement for those who contemplate enrolling.

Night school will also be conducted during the winter months if a satisfactory enrollment is secured.

Miss Lillian Peterson, a graduate of the St. Cloud State Teacher's college with several years teaching experience has been secured as the book-keeping instructor. After completing a business course, she did office work which enabled her to gain an actual knowledge of business and also taught business courses for a number of years before taking up her teaching duties here.

Miss Rosa J. Anderson has been with the college for over six years, first as an instructor and now as principal. Since taking over her duties as principal, three years ago, the enrollment has shown a marked increase and conditions, generally, have been bettered at the college.

The college enrollment averages from 30 to 40 students during regular sessions and although students may enroll at any time, new classes being opened every week, it is better for a student to begin at a regular term opening.

The new fall catalogue is out and can be had upon request.

The college rooms which are in the City Hall are being redecorated this week and preparations are being made for the annual fall commencement exercises in which an exceptionally large class will take part.

OBITUARY

Gordon Swearingen Born June 22, 1919, Died Sept. 15, 1926

Gordon, Keith Swearingen, son of William and Cora Carper Swearingen was born at Gorton, S. D. June 22, 1919, and passed away at his home in Brainerd, Minn., Sept. 15, 1926, aged seven years.

A very brief illness with croup and pneumonia ended fatally in spite of constant care and the best of medical attention.

Gordon had been home but a few weeks after spending the summer with his aunt, Mrs. Fred Bittling at Buda, Ill., the former home of the family. To this place the body was taken by the father and brother. The funeral service was conducted at the Bunker Hill church south of that city Saturday afternoon and the remains were laid to rest beside his mother who preceded him in death. Two little sisters have also passed to the world beyond.

There are left to mourn his departure, his father, step-mother, four brothers and one sister beside a host of other relatives and friends.

Gordon was a faithful attendant at the Baptist Sunday school. The death of the lovable little lad saddened many hearts.

BIG DEMAND FOR WAR EXPLOSIVE

Carload of Pyrotol Received by County Agent E. G. Roth

EQUALS 40 PERCENT DYNAMITE

Many Farmers in County Clearing Lands for Cultivation Next Year

A big demand is made by farmers of the county this year for pyrotol, the government war explosive, the last carload of the season being received by E. G. Roth county agent, this week for distribution.

As a result of the use of the explosive many farmers are clearing new lands and developing to a bigger extent their already uncultivated lands.

Although the explosive is going fast Mr. Roth has several thousand pounds still on hand which can be taken by farmers of Crow Wing, Morrison and Cass counties.

The explosive has the same strength as 40 percent dynamite, does not cause headaches, does not freeze and will keep indefinitely, if kept in a dry place. There are 300 sticks in each 100 pounds.

SECURE 5 ACRES NEAR CEMETERY

Evergreen Cemetery Association to Improve New Burial Ground Acquisition

OLSON PROPERTY PURCHASED

Contract of Fencing, Special Entrance Arch, Gates, Let to Crowley Fence Co.

The Evergreen Cemetery association have acquired the so-called Olson property of five acres near the cemetery and work will be started on it to make it as beautiful as the land now used by the cemetery, according to G. W. Chadbourne, secretary of the Cemetery Association.

The association have also closed a contract with the Crowley Fence Co., of Minneapolis for 942 1/2 lineal feet of wire fencing, two walk gates, one special entrance arch, one pair iron gates, at the figure price of \$1,303 for fencing of the new property.

The addition of the new property to the present cemetery will definitely assure the association of a permanent cemetery at its present location. The Evergreen Cemetery is one of the most beautiful and best cared for cemeteries in the state. The additional land will be made to look even prettier than the present land.

FADS OF THE FAMOUS

Adolphe Menjou

Collecting bits of paper, less than one inch square, is the fad of Adolphe Menjou, Paramount featured player.

Specifically, Menjou is Hollywood's most enthusiastic stamp collector. Four much-thumbed leather-bound volumes are filled with official marks of every government and almost every province in the world. Many of these tiny bits of paper are valued at thousands of dollars.

As a connoisseur of stamps, Menjou is regarded as one to be rivalled only by Scott, the accepted authority. Every tiny scroll, very water-mark, every picture of a long-deposed monarch is known to him. He can spot a counterfeit a mile distant.

"Stamp collecting to most people is dull and tedious work. To me it is the most fascinating game in the world," said Menjou. "What a story each of the stamps could tell. What a wealth of news they have transported—letters of long-forgotten loves, important legal documents upon which the fate of nations revolved, missives of joy and sorrow, of wealth and of poverty—all have been carried by these tiny bits of paper."

"Stamp collecting has still another appeal. The surest and politest way of disposing of an unwelcome guest is to produce one's album and start to go through it, carefully and lengthily explaining the history of every stamp it contains."

FIGHTERS REST BEFORE SESQUI BATTLE

DEMPSEY AND TUNNEY CLASH TOMORROW NIGHT

DEMPSEY IS SURROUNDED BY STAFF NEW YORK AND CHICAGO DETECTIVES

TITLE HOLDER HAVING CONTINUOUS LEGAL FIGHT WITH KEARNS

By HENRY L. FARRELL
(United Press Staff Correspondent)
Philadelphia, Sept. 22.—After weeks of training for the richest prize in the catalogue of sports, Jack Dempsey and Gene Tunney, who are to meet here tomorrow night for the world's heavyweight championship, rested today in their training camps at Atlantic City and Stroudsburg.

Dempsey had surrounded him a staff of New York and Chicago detectives to protect him from summons and process servers and his lawyers were here to answer a couple of suits and injunctions that must be answered today.

Gene Normile, Dempsey's business manager, and Johnny Broderick, sergeant detective of the gangster squad in New York, were on the scene early.

"We are not worried about all these suits," Normile said. "Did you read what Dempsey said about Kearns in his statement from Atlantic City? That ought to stop Kearns."

Normile said that he came here for the purpose of arranging a place for Dempsey to stay after noon tomorrow when he has to appear here to weigh in for the fight.

He refused to give any information on the place where the champion would rest, and Billy Gibson, manager of Tunney, was just as secretive.

Harry Farrell and Harvey Boyle, two members of the Pennsylvania boxing commission, said the police department had been asked to keep the crowd away from the office of the boxing commission when the two fighters appear to step on the scales.

Boyle said the Philadelphia police had guaranteed the same protection that metropolitan police give a world's series and big football games. The police will establish a dead-line two blocks away from the building where the commission holds forth and no one will be allowed to get through the lines without a pass.

Philadelphia was a mad house today. Late arrivals were looking for tickets and hotel reservations and there were no good ones of either available.

Rickard's ticket offices had a few seats in the 70th row for \$27.50 and the prominent hotels have nothing for anything.

The city was filled with delegations to fraternal conventions and with tourists here to look at the Sesqui-centennial exposition and very little professional talk about the fight was heard.

Some New York money was reported to be in the hands of agents to offer at the best odds available that Tunney would win the fight. But there were no takers here and it was said that all the smart money was being taken and laid by the race track men in New York.

Tex Rickard laughed off rumors that some gamblers whose names were mentioned in the fixing of the 1919 world's series between the Chicago White Sox and the Cincinnati Reds were going hook, line and sinker that Tunney would win the championship.

"I have been in this game too long to believe these stories or even to pay attention to them," he said. "I know that the better fighter will win this fight."

Jack Dempsey is the best fighter and should win in five rounds.

DEMPSEY IS TO LIMBER UP TODAY

Atlantic City, N. J., Sept. 22.—Jack Dempsey will have a limbering up exercise today and then may go to Philadelphia to rest up for his fight with Gene Tunney tomorrow.

The champion has paid off his sparring partners and is now just resting. He claims to feel fit for the big bout.

TUNNEY BOXED TWO ROUNDS YESTERDAY

Stroudsburg, Pa., Sept. 22.—Gene Tunney rested today in preparation for his chance at the heavyweight boxing crown tomorrow night. He may go into Philadelphia late today but it is likely he will remain here until tomorrow morning. The challenger boxed two unexpected rounds yesterday and looked to be in good shape.

BRAINERD HIGH FOOTBALL TEAM PLAYS MILACA

TO CLASH AT MILACA IN OPENING GAME OF THE SEASON

LINE-UP NOT ANNOUNCED, FITZ-HARRIS SPRAINED LEG

The Brainerd high school football team will journey to Milaca Saturday noon, Sept. 25, and will clash with the Milaca gridders in the opening game of the season.

In the daily scrimmages, a great many weak spots have been developed, with the result that the men have tried doubly hard to overcome defects in an effort to put a championship team on the field this year.

A group of former high school grid stars have banded together into a formidable team and have been giving this year's prospects several good workouts. Coach Beresford appreciates their services and feels that they are helping to strengthen this year's team by their opposition.

The line-up for the game Saturday has not been definitely settled but will be announced Friday. Fitzharris, veteran of former years, had the misfortune of spraining the ligaments in his leg, and will most likely have to watch the game from the sidelines.

Watching the Scoreboard

Yesterday's Hero—Walter Hoyt, of the New York Yankees, who held the Chicago White Sox to two hits and gave the Yankees a greater claim to the pennant by a 14 to 0 win.

A four run rally in the eighth inning at the expense of Pitcher Bill Sherdel gave the Brooklyn Robins a 4 to 3 victory over the aspiring St. Louis Cardinals.

The Boston Braves took the third straight game from the Cincinnati Reds 4 to 0, knocking Pete Donohue from the slab in the fifth when they garnered 3 runs.

The Phillies took a run for a hit off Lee Meadows and defeated the Pittsburgh Pirates 7 to 2. Cy Williams made his 18th home run of the year.

George Uhle, Cleveland pitcher, held the Boston Red Sox to four hits and took his 27th victory, 6 to 1.

The Philadelphia Athletics took 11 hits to make three runs and beat the Detroit Tigers, 3 to 2, taking two out of three of the series.

The Senators took 17 hits off Falk, Van Gilder and Ballou and won the third straight game from the St. Louis Browns 11 to 4.

Having clinched the American association pennant the Colonels slowed up and lost to the Millers 7 to 6.

The Brewers dropped two games of a doubleheader to the Senators, 4 to 3 and 2 to 1.

Indianapolis defeated the Saints 3 to 2.

Taking both games of a double-header from the Hens the Blues went into fourth place. The scores were 3 to 1 and 5 to 1.

OFFICIALS AT THE BIG FIGHT NOT KNOWN

By HENRY L. FARRELL
(United Press Sports Editor)
Philadelphia, Sept. 22.—With activities ended in both training camps, with Jack Dempsey and Gene Tunney pronounced by the experts as physically fit to fight tomorrow night for the world's heavyweight championship and with all preliminary details of promotion fixed, discussion turned today to perhaps the most important topic of all—the officials.

The Pennsylvania Boxing commission will not announce the name of the referee and the two judges until a few minutes before time for the main bout.

The fighters were given more consideration by the Pennsylvania commission than they would have received in New York. The champion and the challenger, something like the court procedure which gives a defendant a voice in the selection of a jury, were permitted to submit a list of a number of referees which would be satisfactory. It was a sensible thing to do as it is understood that both Dempsey and Tunney named every important referee that has been licensed by the commission.

Unless everyone is all wrong, the judges will not be important and their role is only an honorary one as no one expects the bout to go the limit of ten rounds. Even if it goes the limit the referee is the only important official in the event of a close finish. It is a clinch that no two judges would take a world's heavyweight title away from a champion unless the margin was pronounced and indisputable in favor of the challenger.

The referee, according to the Pennsylvania rules, does not vote unless the two judges disagree and then his verdict is final.

Dempsey and Tunney both said—as has become customary in these modern days of the judge system—"We don't care who is the referee as long as he is strong and can count up to ten."

The work and the judgment of the referee in the ring is the most important of all. Dempsey has been known to fight foul unintentionally and if he gets worked up into one of his frenzied tantrums or gets punched groggy he is liable to foul Tunney without meaning it.

He fouled Tom Gibbons a number of times in Shelby because he was off range on punches directed at the body. He fouled Luis Firpo so many times that the South American giant might have forced a decision in his favor from the referee if he had had experienced seconds in his corner. The referee let him get away with it and the seconds didn't protest until it was too late.

This angle brings up another important point—the merits of the seconds in each fighter's corner. Experts are divided in their opinion of the necessity of skilled seconds behind an experienced fighter.

Jack McAuliffe, the retired unbeaten lightweight champion, has some interesting opinions on the subject.

"Too much attention is being paid to this thing about seconds," the veteran said. "The most important idea is to have a friend in the corner with a fighter. Some one that he likes and feels secure around. As long as a fighter feels that he has some real and trusted friends around him he will not worry. Of course, it's necessary to have some one in the corner who knows how to use smelling salts and how to close up a wound but once a cut is opened no second can fix it up so that it will not be opened by another punch."

"This thing about getting advice from the corner is silly. No second can tell a fighter how to win a fight if the fighter doesn't know how to win it himself. Half the time the seconds are more excited than the fighter and they get a slant at the action from an angle that may be entirely different from another angle. Half the time the fighter doesn't pay any attention to the second between rounds. He has too many things to think about himself. If I had to fight again in a championship fight all I would want would be some real good personal friends with me and some one with a bucket and a towel and a little kit."

CLOSE RACE FOR NATIONAL LEAGUE PENNANT

FINDS THE ST. LOUIS CARDINALS WITHIN FOUR GAMES OF THE FINISH

MAINTAINS A TWO-GAME LEAD OVER THE CINCINNATI REDS

New York, Sept. 22.—(UP)—The close race for the National League pennant found the St. Louis Cardinals within four games of the finish today, with a two-game lead over the Cincinnati Reds to work on.

The New York Yankees held a three-game lead over the Cleveland Indians, with five games to go.

By all the laws of averages the Yankees and Cardinals should meet here October 2 in the first game of the world series.

Neither fight is over yet, however. Before the Cardinals and Reds meet in Cincinnati Sunday, the Cardinals play one game with Brooklyn and two with the Giants; the Reds play three with the Phils. If the Reds take three in a row and the Cardinals only take one out of three, they will enter the final game a tie.

The Reds have a good sporting chance. If they play in their best form, they ought to be able to take three games from the weak Philadelphia Nationals. The Cardinals, on the other hand, have different opposition. The Giants are heart-breakers for pennant contenders and the Robins have awakened lately to cause a lot of trouble.

The Indians have not quite so good a chance. If they sweep their five remaining games, the Yankees would clinch the pennant by taking only three out of five or tie by winning only two. The Yankees in their 14 to 0 victory over the Chicago White Sox yesterday showed a return to their hard hitting championship form and will be a hard team to catch up with.

Bushey Graham's Plea Turned Down

New York — An effort to obtain official recognition of Bushey Graham as the world's basamweight champion, was turned down by the state athletic commission. The plea was made by Graham's manager who said that Phil Rosenberg, the champion, had been barred in Illinois and was under suspension in this state.

Denies College Football is Commercialized

Chicago — Denying that college football is becoming commercialized, Major John L. Griffith, athletic mentor of the Big Ten declared that the average cost of training a man for football is \$23.39, in a speech before members of the Collegiate club.

Shea Knocks Out Humphries

Chicago—Eddie Shea, Italian featherweight, knocked out Bill Humphries, Englishman, in the fourth round of their scheduled 10 round bout at the Coliseum last night.

Rheinhard Pitches for Cardinals

Brooklyn, N. Y., Sept. 22.—(UP)—Arthur Rheinhardt, young show-paw, was the pitching selection of the league leading St. Louis Cardinals for today's game against Brooklyn.

Barnes started for the Dodgers. In the first inning St. Louis scored

SCHMIDT INAUGURATES SECRET PRACTICE FOR ST. THOMAS SQUAD

Fred Sanborn, track coach and assistant athletic director at St. Thomas will not return to the school this year, it was announced Monday night by Father John P. Foley, athletic director.

In his resignation Sanborn said, he will enter business at Brainerd, Minn. Sanborn has been associated with the St. Thomas athletic staff for the last two years. He formerly was athletic director and head coach at St. John's university at Collegeville.

St. Thomas lost a second member of its coaching faculty Monday when it became known that Rev. Father Joseph Guinney, coach of the St. Thomas academy hockey teams and director of intramural athletics, has been transferred by Archbishop Dowling to St. James parish.

In 1925 Father Guinney's hockey team won the academy championship. This afternoon Coach Bob Schmidt will inaugurate secret practice for the St. Thomas football team. Schmidt also will start evening signal drill. The moves were decided upon to get the team in condition for the opening contest with Iowa State Teachers college at Cedar Falls Saturday.

George Conroy, former all-state end at St. Thomas, began helping Schmidt coach the ends Monday. It is expected that John Downey, 1923 football captain, will be on the field today to help coach the guards.

Larry Steinbach of New Rockford, N. D., arrived on the campus Monday and reported for practice. Steinbach is a guard and made a name for himself as a member of the freshmen squad last year.—Minneapolis Tribune.

FIGHTERS REST BEFORE SESQUI BATTLE

DEMPSEY AND TUNNEY CLASH TOMORROW NIGHT

DEMPSEY IS SURROUNDED BY STAFF NEW YORK AND CHICAGO DETECTIVES

TITLE HOLDER HAVING CONTINUOUS LEGAL FIGHT WITH KEARNS

By HENRY L. FARRELL
(United Press Staff Correspondent)

Philadelphia, Sept. 22. — After weeks of training for the richest prize in the catalogue of sports, Jack Dempsey and Gene Tunney, who are to meet here tomorrow night for the world's heavyweight championship, rested today in their training camps at Atlantic City and Stroudsburg.

Dempsey had surrounded him a staff of New York and Chicago detectives to protect him from summons and process servers and his lawyers were here to answer a couple of suits and injunctions that must be answered today.

Gene Normile, Dempsey's business manager, and Johnny Broderick, sergeant detective of the gangster squad in New York, were on the scene early.

"We are not worried about all these suits," Normile said. "Did you read what Dempsey said about Kearns in his statement from Atlantic City? That ought to stop Kearns."

Normile said that he came here for the purpose of arranging a place for Dempsey to stay after noon tomorrow when he has to appear here to weigh in for the fight.

He refused to give any information on the place where the champion would rest, and Billy Gibson, manager of Tunney, was just as secretive.

Harry Farrell and Harvey Boyle, two members of the Pennsylvania boxing commission, said the police department had been asked to keep the crowd away from the office of the boxing commission when the two fighters appear to step on the scales.

Boyle said the Philadelphia police had guaranteed the same protection that metropolitan police give a world's series and big football games. The police will establish a dead-line two blocks away from the building where the commission holds forth and no one will be allowed to get through the lines without a pass.

Philadelphia was a mad house today. Late arrivals were looking for tickets and hotel reservations and there were no good ones of either available.

Rickard's ticket offices had a few seats in the 70th row for \$27.50 and the prominent hotels have nothing for anything.

The city was filled with delegations to fraternal conventions and with tourists here to look at the Sesqui-centennial exposition and very little professional talk about the fight was heard.

Some New York money was reported to be in the hands of agents to offer at the best odds available that Tunney would win the fight. But there were no takers here and it was said that all the smart money was being taken and laid by the race track men in New York.

Tex Rickard laughed off rumors that some gamblers whose names were mentioned in the fixing of the 1919 world's series between the Chicago White Sox and the Cincinnati Reds were going hook, line and sinker that Tunney would win the championship.

"I have been in this game too long to believe these stories or even to pay attention to them," he said. "I know that the better fighter will win this fight."

Jack Dempsey is the best fighter and should win in five rounds.

DEMPSEY IS TO LIMBER UP TODAY

Atlantic City, N. J., Sept. 22. — Jack Dempsey will have a limbering up exercise today and then may go to Philadelphia to rest up for his fight with Gene Tunney tomorrow.

The champion has paid off his sparring partner and is now just resting. He claims to feel fit for the big bout.

TUNNEY BOXED TWO ROUNDS YESTERDAY

Stroudsburg, Pa., Sept. 22. — Gene Tunney rested today in preparation for his chance at the heavyweight boxing crown tomorrow night. He may go into Philadelphia late today but it is likely he will remain here until tomorrow morning. The challenger boxed two unexpected rounds yesterday and looked to be in good shape.

BRAINERD HIGH FOOTBALL TEAM PLAYS MILACA

TO CLASH AT MILACA IN OPENING GAME OF THE SEASON

LINE-UP NOT ANNOUNCED, FITZ-HARRIS SPRAINED LEG

The Brainerd high school football team will journey to Milaca Saturday noon, Sept. 25, and will clash with the Milaca gridders in the opening game of the season.

In the daily scrimmages, a great many weak spots have been developed, with the result that the men have tried doubly hard to overcome defects in an effort to put a championship team on the field this year.

A group of former high school grid stars have banded together into a formidable team and have been giving this year's prospects several good workouts. Coach Beresford appreciates their services and feels that they are helping to strengthen this year's team by their opposition.

The line-up for the game Saturday has not been definitely settled but will be announced Friday. Fitzharris, veteran of former years, had the misfortune of spraining the ligaments in his leg, and will most likely have to watch the game from the sidelines.

Watching the Scoreboard

Yesterday's Hero—Walter Hoyt, of the New York Yankees, who held the Chicago White Sox to two hits and gave the Yankees a greater claim to the pennant by a 14 to 0 win.

A four run rally in the eighth inning at the expense of Pitcher Bill Sherdel gave the Brooklyn Robins a 4 to 3 victory over the aspiring St. Louis Cardinals.

The Boston Braves took the third straight game from the Cincinnati Reds 4 to 0, knocking Pete Donohue from the slab in the fifth when they garnered 3 runs.

The Phillies took a run for a hit off Lee Meadows and defeated the Pittsburgh Pirates 7 to 2. Cy Williams made his 18th home run of the year.

George Uhle, Cleveland pitcher, held the Boston Red Sox to four hits and took his 27th victory, 6 to 1.

The Philadelphia Athletics took 11 hits to make three runs and beat the Detroit Tigers, 3 to 2, taking two out of three of the series.

The Senators took 17 hits off Falk, Van Gilder and Ballou and won the third straight game from the St. Louis Browns 11 to 4.

Having clinched the American association pennant the Colonels slowed up and lost to the Millers 7 to 6.

The Brewers dropped two games of a doubleheader to the Senators, 4 to 3 and 2 to 1.

Indianapolis defeated the Saints 3 to 2.

Taking both games of a doubleheader from the Hens the Blues went into fourth place. The scores were 3 to 1 and 5 to 1.

OFFICIALS AT THE BIG FIGHT NOT KNOWN

By HENRY L. FARRELL
(United Press Sports Editor)

Philadelphia, Sept. 22.—With activities ended in both training camps, with Jack Dempsey and Gene Tunney pronounced by the experts as physically fit to fight tomorrow night for the world's heavyweight championship and with all preliminary details of promotion fixed, discussion turned today to perhaps the most important topic of all—the officials.

The Pennsylvania Boxing commission will not announce the name of the referee and the two judges until a few minutes before time for the main bout.

The fighters were given more consideration by the Pennsylvania commission than they would have received in New York. The champion and the challenger, something like the court procedure which gives a defendant a voice in the selection of a jury, were permitted to submit a list of a number of referees which would be satisfactory. It was a sensible thing to do as it is understood that both Dempsey and Tunney named every important referee that has been licensed by the commission.

Unless everyone is all wrong, the judges will not be important and their role is only an honorary one as no one expects the bout to go the limit of ten rounds. Even if it goes the limit the referee is the only important official in the event of a close finish. It is a cinch that no two judges would take a world's heavyweight title away from a champion unless the margin was pronounced and indisputable in favor of the challenger.

The referee, according to the Pennsylvania rules, does not vote unless the two judges disagree and then his verdict is final.

Dempsey and Tunney both said—as has become customary in these modern days of the judge system—"We don't care who is the referee as long as he is strong and can count up to ten."

The work and the judgment of the referee in the ring is the most important of all. Dempsey has been known to fight foul unintentionally and if he gets worked up into one of his frenzied tantrums or gets punched groggy he is liable to foul Tunney without meaning it.

He fouled Tom Gibbons a number of times in Shelby because he was off range on punches directed at the body. He fouled Luis Firpo so many times that the South American giant might have forced a decision in his favor from the referee if he had had experienced seconds in his corner. The referee let him get away with it and the seconds didn't protest until it was too late.

This angle brings up another important point—the merits of the seconds in each fighter's corner. Experts are divided in their opinion of the necessity of skilled seconds behind an experienced fighter.

Jack McAuliffe, the retired unbeaten lightweight champion, has some interesting opinions on the subject.

"Too much attention is being paid to this thing about seconds," the veteran said. "The most important idea is to have a friend in the corner with a fighter. Some one that he likes and feels secure around. As long as a fighter feels that he has some real and trusted friends around him he will not worry. Of course, it's necessary to have some one in the corner who knows how to use smelling salts and how to close up a wound but once a cut is opened no second can fix it up so that it will not be opened by another punch."

"This thing about getting advice from the corner is silly. No second can tell a fighter how to win a fight if the fighter doesn't know how to win it himself. Half the time the seconds are more excited than the fighter and they get a slant at the action from an angle that may be entirely different from another angle. Half the time the fighter doesn't pay any attention to the second between rounds. He has too many things to think about himself. If I had to fight again in a championship fight all I would want would be some real good personal friends with me and some one with a bucket and a towel and a little kit."

CLOSE RACE FOR NATIONAL LEAGUE PENNANT

FINDS THE ST. LOUIS CARDINALS WITHIN FOUR GAMES OF THE FINISH

MAINTAINS A TWO-GAME LEAD OVER THE CINCINNATI REDS

New York, Sept. 22.—(UP)—The close race for the National League pennant found the St. Louis Cardinals within four games of the finish today, with a two-game lead over the Cincinnati Reds to work on.

The New York Yankees held a three-game lead over the Cleveland Indians, with five games to go.

By all the laws of averages the Yankees and Cardinals should meet here October 2 in the first game of the world series.

Neither fight is over yet, however. Before the Cardinals and Reds meet in Cincinnati Sunday, the Cardinals play one game with Brooklyn and two with the Giants; the Reds play three with the Phils. If the Reds take three in a row and the Cardinals only take one out of three, they will enter the final game a tie.

The Reds have a good sporting chance. If they play in their best form, they ought to be able to take three games from the weak Philadelphia Nationals. The Cardinals, on the other hand, have different opposition. The Giants are heart-breakers for pennant contenders and the Robins have awakened lately to cause a lot of trouble.

The Indians have not quite so good a chance. If they sweep their five remaining games, the Yankees would clinch the pennant by taking only three out of five or tie by winning only two. The Yankees in their 14 to 6 victory over the Chicago White Sox yesterday showed a return to their hard hitting championship form and will be a hard team to catch up with.

Bushey Graham's Plea Turned Down

New York — An effort to obtain official recognition of Bushey Graham as the world's bantamweight champion, was turned down by the state athletic commission. The plea was made by Graham's manager who said that Phil Rosenberg, the champion, had been barred in Illinois and was under suspension in this state.
